

Seacliff Trail Data Center Switch

Intel FM6364 Data Center Switch + Integrated Xeon E3 Microserver with 48x 10G + 4x 40G Ethernet

Product Description

- Intel FM6364 Switch + Integrated Xeon E3 Microserver
- 48x 10G + 4x 40G Ethernet
- Low-Latency, Highly Programmable FlexPipe Architecture
- Intel Open Network Platform Software Support

Technical Specifications

General Technical Specifications	
Form Factor:	19" 1U rackmount, 24" deep
Chipset:	Intel Alta FM6364 Intel Xeon E3-1105C Intel Cave Creek 8920 QuickAssist Accelerator
Ethernet:	48x 10Gb SFP+ 4x 40Gb QSFP+
Management Interface:	10/100/1000 Base-T RS-232
Power:	Dual Redundant 460W Power Supplies 90-254VAC 50/60 Hz DC input options available
Operating Temperature:	0-40C
Certifications:	FCC Part 15 RoHS/WEEE

Order Information

P/N	Description
80400-0054-G01	<ul style="list-style-type: none">- Seacliff Trail System- Intel FM6364 switch- 48x 10Gb SFP+, 4x 40Gb QSFP+- Intel Xeon E3-1105C CPU- Intel 8920 QuickAssist Accelerator- Dual redundant 460W power supplies, AC input- 1U 19" Rackmount enclosure
